The Essentials

These key features are highlighted on each product page, where applicable:

- Made in Britain**
Our twin, triple and dual control shower valves are manufactured in Halifax by a dedicated team. Look out for the Made in Britain logo on all relevant showers.
- WRAS Approved**
Appropriate products have been extensively tested by the WRc and are approved or pending approval to comply with the Water Regulations Advisory Scheme.
- TMV2 TMV3 Approved**
Many of our twin and triple shower valves are TMV approved. Look out for the logo on all relevant showers throughout.
- Safety Anti Scold**
 - Thermostatic control to +/- 2 degrees even if the temperature or incoming pressures fluctuate
 - Full thermal protection to prevent scalding even in the event of hot or cold water failure
 - In the event of hot or cold water failure, the valve will shut down the water supply
