

The background of the entire cover is a complex, repeating geometric pattern. It consists of interlocking squares, each filled with a dense grid of fine, parallel lines. These squares are arranged in a larger-scale grid, creating a three-dimensional, woven effect. The lines are black on a white background.

“accept no imitations”

The Aquadart range blends the latest premium designs together with the highest levels of detail, quality and customer service.

A British family run business with over 100 years of experience in the bathroom industry, we are passionate about our reputation for innovation and superior quality.

Our shower enclosures are designed in Britain by our highly skilled designers at our West Yorkshire offices to ensure we provide beautiful products for the most stylish of homes.

All our ABS capped shower trays are proudly designed and manufactured in Britain and ensure a perfect fit with our enclosures. Together they are backed by a lifetime guarantee.

introduction

ROLLA 8

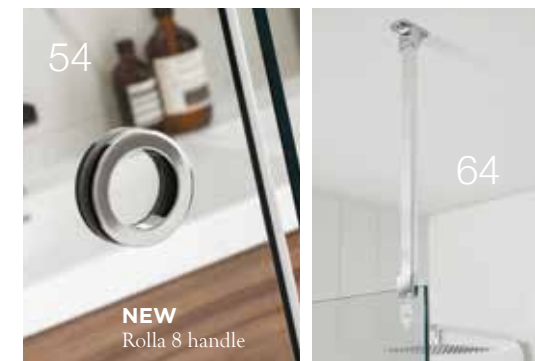

NEW

An exciting new range from Aquadart, Rolla 8 is frameless with the minimalistic look of a wetroom yet having the practical functionality of an enclosure. This range can be configured to create a unique showering space. See pages 54-63 for the full range.

towels & contemporary accessories
to create a sophisticated space.

easier to clean & keep clean

Glass protection is now an important feature of a shower enclosure. A good glass protection system will create a long lasting barrier which will never discolour, peel or crack. Following extensive research, we chose to use the Clean & Clear™ Easy Clean Glass Treatment, a market leading treatment which we trust to protect all our Aquadart enclosures.

Our Clean & Clear™ glass protection system is both innovative and highly beneficial. It creates a protective barrier which is applied to all Aquadart enclosures and screens as standard. The 'non-stick' surface resists lime scale build-up and water spots, which hinders bacteria growth for a more hygienic environment, whilst reducing the need to clean by half.

Normal Glass

Clean&Clear™
Easy Clean Glass Treatment

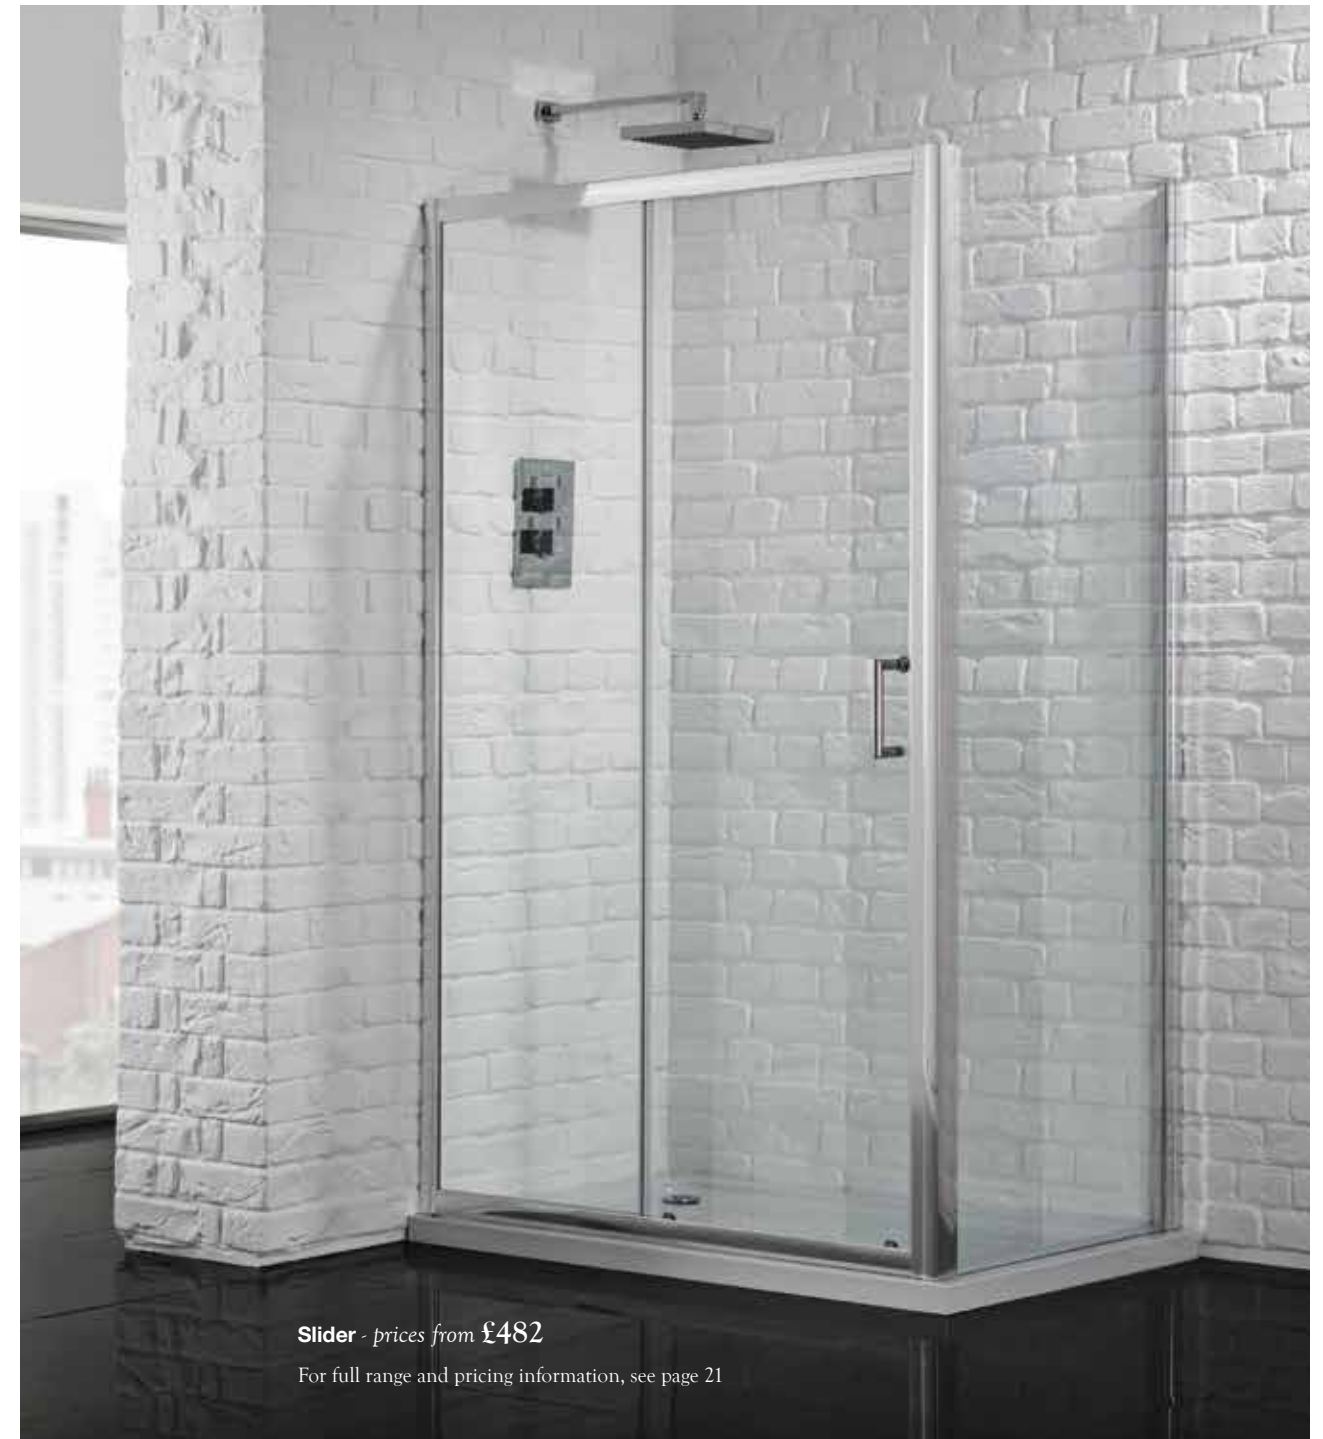

6mm enclosure range

Venturi 6 offers a comprehensive collection of enclosures by mixing quality materials with stylish designs. This extensive range from Aquadart will provide a showering solution for every bathroom in every home.

slider | U shape quadrant

The Sliding Door with its smooth glide runners is a pleasure to use. For use along a straight wall, the U Shape Quadrant makes quite a statement with it's unusual shape and generous showering area.

double | single quadrants

The Venturi 6 Quadrants are perfect for maximising showering space whilst providing a stylish addition to your bathroom. Choose from a Double Door option or the minimalist Single Door model.

bifold door framed | frameless

With an inward folding door, the Bifold Door is a perfect choice for even the smallest of bathrooms. Available in a fully framed model or a frameless design.

Framed Bifold Door - prices from **£471**
For full range and pricing information, see page 23

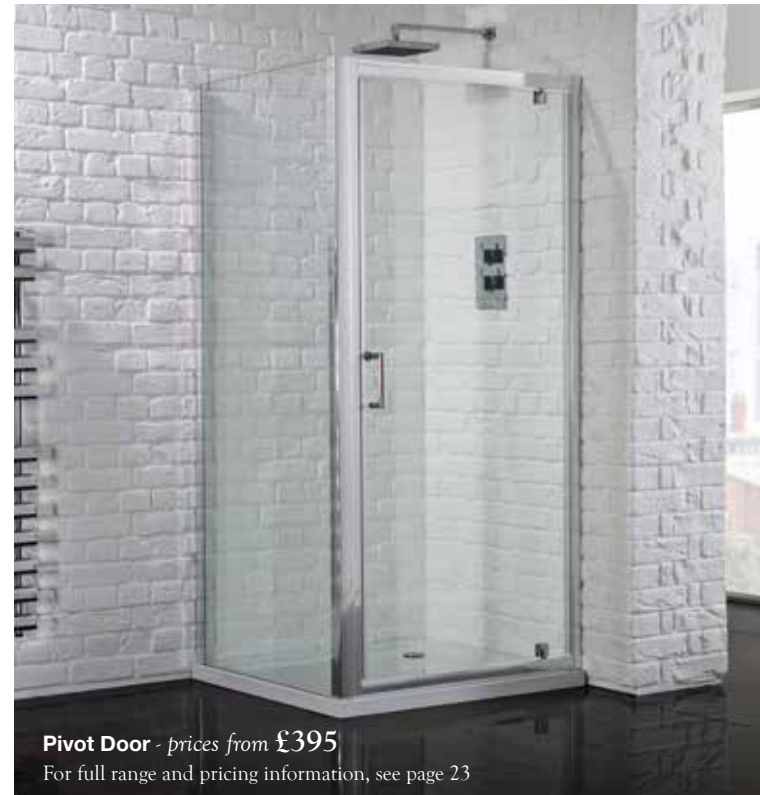

Frameless Bifold Door - prices from **£514**
For full range and pricing information, see page 23

pivot door & inline panel

The Venturi 6 Pivot Door with its sleek design has a modern streamlined pivot block.

The Inline panel shown here with the Pivot Door creates additional sizing flexibility and is supplied with a support bracket.

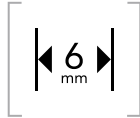

Pivot Door - prices from **£395**
For full range and pricing information, see page 23

Pivot Door - prices from **£395**
Inline Panel - price **£216**

wetroom 8

new 8mm wetroom panels

Available in a variety of sizes, the new 8mm Aquadart Wetroom glass panels can be used in many configurations for a truly tailored showering space.

Use with a contemporary slimline tray or wetroom installation.

new wetroom 8 features

The new wetroom 8 range features a slimline contemporary wall profile with the addition of a new ceiling support arm and stylish floor channel to complement the range.

walk-in with flipper panel

The wetroom flipper panel acts as a deflector to minimise water splashes, pivoting through 260° for ease of access. It can be fitted to all Aquadart 8mm wetroom panels including existing panels.

Wetroom Panels with Flipper - prices from **£836**
For full range and pricing information, see page 77

walk-in and side

Clean simple lines and minimal framing. Here two wetroom glass panels create a Walk-In & Side. A touch of glamour for your bathroom.

Wetroom Panels - prices from £630
For full range and pricing information, see page 77

panel with ceiling arm

The ultimate in minimalist showering, the wetroom panel is held securely by a contemporary ceiling arm, creating a walk-in wetroom suitable for the most stylish of homes.

Wetroom Panel with Ceiling Arm - prices from **£357**
For full range and pricing information, see page 77

hinged return panel

The wetroom with return panel not only provides a pivoting deflector to minimise water splashes but also creates a sophisticated showering solution. Suitable for tray or wetroom installations.

Wetroom Panel with Hinged Return - price **£583**
For full range and pricing information, see page 77

product information

Shower Enclosures

All products are manufactured in accordance with ISO 9001 and ISO 14001. All glass fully conforms to the relevant EN standards for toughened safety glass. All aluminium sections are extruded from alloys which comply with relevant EN standards. Doors and enclosures are tested in accordance with the relevant EN standards and are suitable for use with modern power showers. Profiles are adjustable to compensate for out-of-true walls. Please see specific product details for levels of adjustment.

Products are supplied with full installation instructions and fixings.

Guarantee Information

Aquadart guarantees cover all manufacturing defects. This guarantee does not cover damage during fitting or misuse. The guarantee applies only to the original purchasers of the product and is not transferable. Further terms and conditions are available upon request.

Shower Enclosures

All shower enclosures carry a lifetime guarantee when fitted with an Aquadart shower tray. A 10 year guarantee will be given when fitted with any other manufacturer's tray. Wetroom panel guarantee applies as above. When panels are installed without a tray, a lifetime guarantee applies.

Shower Trays

All shower trays carry a lifetime guarantee.

Prices

The prices included within this brochure supersede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices are subject to alteration without notice.

Errors & Omissions

In the interest of continuing design and development and product improvement, Aquadart reserve the right to change colour, designs and product specifications without prior notice. All colours in this brochure are as accurate as the printing process will allow.

Measurements

All dimensions are in millimetres and are nominal, they are provided as guidance only. *Please note:* measurements are not suitable as template for mosaic tiles/bespoke wetroom floors.

Cleaning Instructions

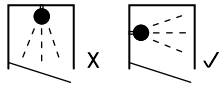

It is important to clean your Aquadart shower enclosure after every use. Please wipe down all the glass and metal parts with a clean soft cloth. Ensure that all residual water on the glass is removed after every use.

Clean and Clear™

Clean and Clear™ glass can be cleaned with any suitable non-abrasive glass cleaner - with PH value of between 3-11; the coating will not be damaged. Avoid surfactants and heavily perfumed products. Vinegar and water based products are very effective. Do not use abrasive scrubbing cleaners or equipment for cleaning. Install your enclosure in a well ventilated area.

Usage

For reliable, watertight performance from your Aquadart enclosure your shower head should not be positioned so that the shower sprays directly onto the enclosure door. Failure to comply with this may cause the shower to leak. Outward opening doors may cause water to drip onto the floor, please ensure that the floor covering immediately outside the enclosures will not be affected by water.
